

TRAINING CENTER

POOL SURFACE | MADE IN GERMANY

REINFORCED SWIMMING POOL MEMBRANES

PREMIUM QUALITY REQUIRES FIRST-CLASS INSTALLATION

BECOME A PROFESSIONAL INSTALLER!

Improve your skills of welding reinforced swimming pool membranes directly at its place of origin – in the unique training center at the plant location of Elbtal Plastics GmbH & Co. KG in Coswig/Dresden. According to your state of knowledge you can choose between two different levels or decide to book both of them:

Level 1: You will get to know all skills for installing professionally a rectangular pool with straight stairs.

Level 2: After this course you will be able to install a free-form pool, roman steps and an overflow gutter. Additionally you will learn how to handle our ISLAND DREAMS swimming pool membrane.

The training is accompanied by a factory tour and a pleasant fringe program.

GENERAL INFORMATION

In both courses the number of participants is limited to 8 people to achieve a maximum of training effect in small groups. Registrations are processed in the order of their receipt and must be achieved at least 2 weeks before the course starts with full name, address and phone number of the participant. Only applications from registered companies will be considered. The registration is binding and in case of last minute cancellations (less than 2 weeks before or not showing up) the full amount has to be paid. If there are not enough participants, we reserve the right to cancel the course. The course fee should be paid before the course starts. The course duration is 2 days. The lessons begin at 8 am and end at 4.30 pm.

The arrival has to be arranged independently. Please be sure to show up on time at our plant in Coswig. Please bring your own work clothes safety gloves and safety shoes with you.

At the end of the course you will get a manufacturer certificate for the successful participation.
