

TRAININGS CENTER

REINFORCED SWIMMING
POOL MEMBRANES

**PREMIUM QUALITY REQUIRES
A FIRST-CLASS INSTALLATION**

BECOME A PROFESSIONAL INSTALLER!

Improve your skills of welding reinforced swimming pool membranes directly at its place of origin – in the unique training center at the plant location of Elbtal Plastics GmbH & Co. KG in Coswig/Dresden. Our training program will teach you the necessary knowledge for a professional installation of our reinforced swimming pool membranes.

In 4 days you will learn all the steps for the professional lining of free-form pools, straight and roman steps, overflow gutter as well as the proper installation of our 3D reinforced pool membranes. The training is accompanied by a factory tour and a pleasant fringe program.

At the end of the course, you will get a manufacturer certificate for your successful participation.

Registrations are processed in the order of their receipt and must be achieved at least 2 weeks before the course starts with full name, address and phone number of the participant. **Only applications from registered companies will be considered.**

The registration is binding. In case of last minute cancellations (less than 2 weeks before or not showing up), the full amount has to be paid. If a course cannot take place for valid reasons (force majeure, outage of a course instructor, not enough participants, etc.), the fee paid will be refunded immediately. Any further claims are thereby settled.

Elbtal Plastics GmbH & Co. KG is not obligated to pay compensation for travel and accommodation costs or loss of working hours in such cases. The arrival has to be arranged independently.

COMPACT & EFFECTIVE.
EVERYTHING YOU NEED TO KNOW ABOUT A
PROFESSIONAL INSTALLATION IN ONE COURSE.
