

INSTALLATION DEFINES QUALITY

BECOME A PROFESSIONAL INSTALLER!

Improve your skills of welding reinforced swimming pool membranes directly at its place of origin – in the modern training center at the plant location of Elbtal Plastics GmbH & Co. KG in Coswig/Dresden.

In this 3-day training, you will learn all key techniques for professional pool lining, including:

- Free-form pools
- Straight and Roman steps
- Overflow gutters
- 3D membranes with head-to-head welding

The program includes a factory tour and networking opportunities.

COMPACT & EFFECTIVE.
EVERYTHING YOU NEED TO KNOW ABOUT A
PROFESSIONAL INSTALLATION IN ONE COURSE.

At the end of the course, you will get a manufacturer certificate for your successful participation.
